The purpose of our policy is to ensure that complaints are handled correctly and that all complaints or comments are taken seriously. We are committed to fair, effective, and efficient complaint situations.

Purpose

Our complaint policy is intended to ensure that the administration handles complaints fairly, efficiently, and effectively.

Our complaint management system aims to:

1. We request notification of your concerns during the course at a break – grab our attention so that we can discuss your situation privately before the end of the day or before the end of the course.
2. Allow us to respond to questions raised by an attendee who files a written complaint quickly and cost-effectively.
3. Written complaints are accepted within a timely matter prior to receiving certification for the course. Complaint must be written clearly and concisely and complete at time of submission.
4. Allow the opportunity to discuss the complaint.
5. Increase customer/attendee confidence in our process.
6. Provide information that we can use to improve the quality of our courses and complaint handling.
7. We will acknowledge the complaint immediately if we are aware of the concern before any certification is dispensed.
8. Allow a response time within 14 workdays.
9. The administration will review all complaints; a solution will be presented to the attendee with an evidence-based complaint, depending on the situation.
10. All written complaints must be submitted in English.
